Contents, Cover Caption & Production	1
The CCP13 Committee Members	2
Chairman's Message	3
Report on the ICNS, 1997, Toronto, V.T.Forsyth	4
Report on the 4th Synchrotron Radiation School, A.J.Ryan & G.N.Greaves.....	5
Report on the 6th CCP13/NCD Workshop, 1997, G.R.Mant	6
Report on the 3rd Fibre Diffraction Workshop, 1997, R.P.Millane	7
Report on the Proceedings the Royal Society 1997, A.J.Ryan	9
Report on 50 years of Synchrotron Radiation, A.J.Ryan.....	10
Report on the Alpbach Workshop 1997, J.M.Squire	10
Summary of Available CCP13/NCD Software	13

Contributed Articles

Optimal Difference Fourier Synthesis in Fibre Diffraction, R.P.Millane and S.Baskaran	14
Couette Cell Commissioned, I.W.Hamley	19
Data Analysis of 2D-SAXS Patterns with Fibre Symmetry from some Elastomers, N.Stribeck.	20
Chain Mobility in Polymer Systems; Lamellar Doubling during Annealing of Polyethylene, S.Rastogi, A.B.Spoelstra, J.G.P.Goossens and P.J.Lemstra	24
X-PLOR for Polycrystalline Fibre Diffraction, R.C.Denny, M.Shotton, V.T.Forsyth.....	30

5th Annual Workshop Prize - Winning Abstracts

Structure of the Capsid of Pf3 inovirus Determined from 3.1Å Fibre Diffraction Data, L.C.Welsh, M.F.Symmons, D.A.Marvin and R.N.Perham	34
Complex Phases in Block Copolymer Solutions, J.P.A.Fairclough, A.J.Ryan, C.Booth, H.Li, G-E.Yu, I.W.Hamley, J.A.Pople, K.Mortensen, K.Almdal, A.J.Gleeson	38

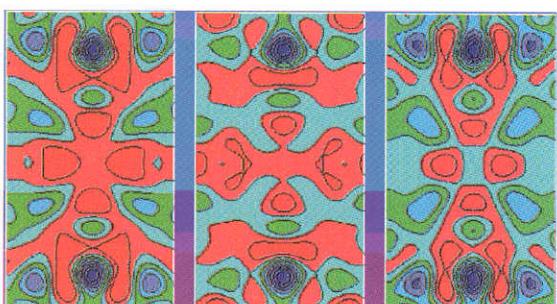

1996 CCP13/NCD Annual Meeting Abstracts

CCP13 Visiting Scientist Fellowship Programme	inside back cover

Forthcoming Meetings

The 7th Annual CCP13/NCD Workshop, May 12-14th, 1998 Daresbury Laboratory.....	inside back cover
--	-------------------

Front Cover Image

Contour plots of Fourier difference maps synthesized for mannan II at the level $z=0$. The left and right sections show density calculated from different conventional maximum a posteriori estimates of the coefficients while the central section is calculated from the minimum mean-square-error estimation of the coefficients. See the article by R.P.Millane and S.Baskaran for details.

Newsletter Production

Editor: Prof. J.Squire, Biophysics Section, Blackett Laboratory, Imperial College, London SW7 2BZ
Production: Dr. G.Mant, Dr. R.Denny and Mr S.Eyres, CLRC Daresbury Laboratory, Warrington WA4 4AD
Printer: Westward Print Ltd.
